LETTER TO REVIVAL GOLD SHAREHOLDERS

October 2, 2025

Dear Revival Gold Shareholders,

What a year! The price of gold is up about US\$1,200 per ounce over the past twelve months and Revival Gold's share price has more than doubled. At a time of mounting government debt, geopolitical uncertainty, and heady valuations for a select few technology companies, the spotlight is now very much on gold and gold equities – including Revival Gold.

Last year in this same letter, we observed that the share prices of many senior and intermediate public gold producers were up by 50% or more over the year and noted that the same could not yet be said of small cap gold exploration and development companies. This year, the tides have changed. Producers and investors alike are now coming to terms with the acute shortage of quality gold development projects available in good jurisdictions to fuel future gold production.

Against this backdrop, over the past fiscal year, Revival Gold has made excellent progress with our strategy to advance two multi-million-ounce gold development opportunities in the western United States. The highlight of our progress has been the completion of a Preliminary Economic Assessment ("PEA") on our Mercur Gold Project ("Mercur") in Utah.

We released the Mercur PEA in March 2025. Results suggest standout potential economics from a conventional open pit heap leach operation requiring a modest level of pre-production capital and benefiting from a very advantageous location (less than 100 km from Salt Lake City) with the mineral resource on private claims. Key metrics below¹:

- Production of 66 M tonnes at 0.60 g/T gold with a 75 % recovery generating typically 95-100,000 oz gold/year over a ten year mine life;
- US\$208 million of pre-production capital and a competitive US\$1,363/oz gold AISC;
- After-tax NPV_{5%} of US\$295 million at US\$2,175/oz gold, escalating to US\$753 million at US\$3,000/oz; and,
- An expected relatively short two-year permitting timeline given private land status and existing infrastructure endowment.

The Mercur PEA not only enhanced Revival Gold's aggregate potential production profile (from 65,000 to 160,000 ounces of gold per year) and combined net asset valuation (from US\$0.45 billion to US\$1.2 billion at US\$3,000/oz gold)², but it also validated Mercur's potential as a near-term, low-risk redevelopment opportunity. Indeed, Mercur has become Revival Gold's lead project with our founding Beartrack-Arnett Gold Project ("Beartrack-Arnett") serving as a very complementary second asset which we plan to advance, alongside Mercur, to become one of the largest gold developers in the United States.

Suffice to say, Revival Gold's technical progress has not been lost on the market and our larger peers. In February 2025, we welcomed highly regarded company makers, Dundee Corporation ("Dundee"), as a strategic investor for a 5% stake in Revival Gold. This investment was followed up in July 2025, by a further strategic investment by Australian private equity firm, EMR Capital ("EMR"), for a 12% interest.

In total, Revival Gold has successfully raised about C\$34 million in new equity over the past year - and at successively higher share prices - giving the Company ample ammunition and strategic backing to continue to deliver in the months and years ahead. Importantly, we achieved our financing ambitions without burdening our assets by resorting to the sale of debt securities, streams or royalty interests. Both Dundee and EMR share our vision and mission to pursue significant growth and value appreciation in gold for the benefit of all our stakeholders.

Looking ahead, with several rigs now drilling on Revival Gold's projects, the emphasis is on upgrading Inferred Mineral Resources at Mercur and the discovery of new gold potential south of the Joss target area at Beartrack-Arnett. Additionally, we expect to complete further metallurgical column tests and environmental work at Mercur to de-risk development plans and support the start of permitting and the completion of a Preliminary Feasibility Study in 2026.

Revival Gold is leveraging remarkable macroeconomic tailwinds - most notably the extraordinary rise in the price of gold and the intensifying demand for domestically produced minerals - that together have the potential to bolster our path toward shareholder value.

The injection of capital from Dundee and EMR, coupled with Revival Gold's robust technical results this year, mark the beginning of a transformation for Revival Gold. We are confident that we have laid a strong foundation for accelerated development and value creation. We remain focused on efficiently advancing Mercur through permitting to a construction decision, expanding Beartrack-Arnett's upside, and exploring synergies through processing innovation.

Before wrapping up, we would like to take this opportunity to thank Revival Gold's shareholders and our other stakeholders for their involvement and support. Your steadfast support fuels our results and gives rise to the many potential benefits that may be derived from the responsible development of Mercur and Beartrack-Arnett.

Finally, we wish to thank the Revival Gold board, team and contractors who have been delivering for the Company. Your care and commitment to safe operation and meaningful results have been greatly appreciated. We look forward to another exciting and rewarding year ahead!

REVIVAL GOLD INC.
MANAGEMENT INFORMATION CIRCULAR

This management information circular (the “Circular”) is furnished in connection with the annual general and special meeting (the “Meeting”) of registered and non-registered (or beneficial) holders (collectively, the “Shareholders”) of common shares (the “Common Shares”) of Revival Gold Inc. (the “Company”) to be held at 110 Yonge Street, Suite 1601, Toronto, ON M5C 1T4, Canada on November 20, 2025 at the hour of 10:00 a.m. (Toronto time) and at any continuation thereof after an adjournment, if any, for the purposes set forth in the enclosed notice of annual general and special meeting of Shareholders (the “Notice”).

Unless otherwise stated, the information contained in this Circular is as of October 2, 2025.

GENERAL INFORMATION RESPECTING THE MEETING

The enclosed form of proxy is being solicited by or on behalf of the management of the Company. The mailing to Shareholders of Notice-and-Access Notification (as defined below) will be on or about October 10, 2025. The cost of soliciting proxies will be borne by the Company. While most proxies will be solicited by mail only, regular employees of the Company may also solicit proxies by telephone or in person. Such employees will receive no additional compensation for these services other than their regular salaries but will be reimbursed for their reasonable expenses.

The Company will provide proxy materials to brokers, custodians, nominees, and fiduciaries and will request that such materials be promptly forwarded to the beneficial owners of Common Shares registered in the names of such brokers, custodians, nominees, and fiduciaries. The Company will reimburse brokers, custodians, nominees and fiduciaries for their reasonable charges and expenses incurred in forwarding proxy materials to beneficial owners of Common Shares.

All duly completed and executed forms of proxy must be received by Computershare Investor Services Inc. (“Computershare”), the Company’s transfer agent at Attention: Proxy Department, 320 Bay Street, 14th floor, Toronto, Ontario, M5H 4A6, FAX No: (416) 263-9524 or 1-866-249-7775, voted by telephone at 1-866-732-VOTE (8683) or voted online at www.investorvote.com not later than 10:00 a.m. (Toronto Time) on November 18, 2025 or, in the event of an adjournment, not later than two (2) business days preceding the day to which the Meeting is adjourned. The Company may refuse to recognize any form of proxy received after such time.

In this Circular, unless otherwise indicated, all dollar amounts “\$” are expressed in Canadian dollars.

Notice and Access

The Company has elected to use the notice-and-access process (“Notice-and-Access”) that came into effect on February 11, 2013 under NI 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) and National Instrument 51-102 – *Continuous Disclosure Obligations*, for distribution of this Circular and other meeting materials to Shareholders. Notice-and-Access allows issuers to post electronic versions of meeting materials, including circulars, annual financial statements and management discussion and analysis, online, via SEDAR+ and one other website, rather than mailing paper copies of such meeting materials to Shareholders. The Company anticipates that utilizing the Notice-and-Access process will substantially reduce both postage and printing costs. Meeting materials including the Circular and the Company’s audited financial statements for the years ended June 30, 2025 and 2024 and the Company’s management discussion and analysis for the year ended June 30, 2025, are available on the Company’s website at <http://www.revival-gold.com/investors/agm-materials/> and under the Company’s SEDAR+ profile at www.sedarplus.ca.

Although the Circular and related materials (collectively, the “Meeting Materials”) will be posted electronically online, as noted above, the registered Shareholders and Beneficial Shareholders (subject to the provisions set out below under the heading “Appointment, Voting And Revocation Of Proxies - Non-Registered/Beneficial Shareholders”) will receive a “notice package” (the

“Notice-and-Access Notification”), by prepaid mail, which includes the information prescribed by NI 54-101, and a proxy form or voting instruction form from their respective intermediaries. Shareholders should follow the instructions for completion and delivery contained in the proxy or voting instruction form. Shareholders are reminded to review the Circular before voting.

Shareholders will not receive a paper copy of the Meeting Materials unless they request paper copies from the Company. To receive a paper copy in time to vote before the Meeting, requests for paper copies should be received by Broadridge Financial Solutions by 10:00 a.m. (Toronto Time) on November 10, 2025. Shareholders who wish to receive paper copies of the Meeting Materials, or who have questions about Notice-and-Access may contact Broadridge Financial Solutions Inc. toll free at 1-877-907-7643 for Shareholders with a control number or at 1-844-916-0609 for Shareholders without a control number.

APPOINTMENT, VOTING AND REVOCATION OF PROXIES

Voting

In accordance with section 134 of the *Canada Business Corporations Act*, October 2, 2025, has been fixed as the record date (the “Record Date”) for the purpose of determining Shareholders entitled to receive Notice of the Meeting and to vote thereat.

Common Shares represented by any properly executed proxy in the accompanying form will be voted for or against, or withheld from voting, on any ballot that may be called for in accordance with the instructions given by the Shareholder. **In the absence of such direction, such Common Shares will be voted in favour of the matters set out herein. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of the Meeting of Shareholders and with respect to other matters which may properly come before the Meeting.**

The accompanying form of proxy confers discretionary authority on the persons named in it with respect to amendments or variations to matters identified in the notice of Meeting or other matters that may properly come before the Meeting. As of the date hereof, the management of the Company is not aware of any such amendments, variations or other matters which may come before the Meeting. If other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of management of the Company.

Voting by Registered Shareholders

Registered Shareholders are Shareholders who hold their Common Shares in their own name. Registered Shareholders will have received a proxy form in their own name and may vote by returning the form of proxy received from the Company by mail or hand delivery. Alternatively, Registered Shareholders may elect to submit a form of proxy via the Internet. Registered Shareholders electing to vote by telephone or via the Internet must follow the instructions included in the form of proxy received from the Company.

Non-Registered/Beneficial Shareholders

The information set out in this section is of importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of shares can be recognized and acted upon at the Meeting or any adjournment(s) thereof. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder’s name in the records of the Company. Those Common Shares will most likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the majority of such shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks). Common Shares held by brokers, or their nominees can be voted (for or against resolutions or withheld from voting) only upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting shares for their clients. Subject to the following discussion in relation to NOBOs (as defined herein), the Company does not know for whose benefit the Common Shares registered in the name of CDS & Co., a broker or another nominee, are held.

There are two categories of Beneficial Shareholders under applicable securities regulations for purposes of dissemination to Beneficial Shareholders of proxy-related materials and other security holder materials and requests for voting instructions from such Beneficial Shareholders. Non-objecting beneficial owners (“NOBOs”) are Beneficial Shareholders who have advised their intermediary (such as brokers or other nominees) that they do not object to their intermediary disclosing ownership information to the Company, consisting of their name, address, e-mail address, securities holdings and preferred language of communication. Canadian securities laws restrict the use of that information to matters strictly relating to the affairs of the Company. Objecting beneficial owners (“OBOs”) are Beneficial Shareholders who have advised their intermediary that they object to their intermediary disclosing such ownership information to the Company.

In accordance with the requirements of NI 54-101, the Company is sending the Notice-and-Access Notification and proxy-related materials for use in connection with the Meeting directly to NOBOs and indirectly to OBOs. Upon request, as detailed under the heading “Notice and Access” herein above, the Company will send the Meeting Materials to Shareholders. NI 54-101 allows the Company, in its discretion, to obtain a list of its NOBOs from intermediaries and to use such NOBO list for the purpose of distributing the proxy materials directly to, and seek voting instructions directly from, such NOBOs. As a result, the Company is entitled to deliver the Notice-and-Access Notification and proxy-related materials to Beneficial Shareholders in two manners: (a) directly to NOBOs and indirectly through intermediaries to OBOs; or (b) indirectly to all Beneficial Shareholders through intermediaries. The Company does not intend to pay for intermediaries to deliver the Notice-and-Access Notification and proxy-related materials to the OBOs.

Applicable securities regulations require intermediaries, on receipt of the Notice-and-Access Notification and proxy-related materials that seek voting instructions from Beneficial Shareholders indirectly, to seek voting instructions from Beneficial Shareholders in advance of Shareholder meetings on Form 54-101F7. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders to ensure that their Common Shares are voted at the Meeting or any adjournment(s) thereof. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered shareholders; however, its purpose is limited to instructing the registered shareholder how to vote on behalf of the Beneficial Shareholder. Beneficial Shareholders who wish to appear in person and vote at the Meeting should be appointed as their own representatives at the Meeting in accordance with the directions of their intermediaries and Form 54-101F7. Beneficial Shareholders can also write the name of someone else whom they wish to appoint to attend the Meeting and vote on their behalf. Unless prohibited by law, the person whose name is written in the space provided in Form 54-101F7 will have full authority to present matters to the Meeting and vote on all matters that are presented at the Meeting, even if those matters are not set out in Form 54-101F7 or this Circular. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“Broadridge”) in Canada. Broadridge typically mails a voting instruction form in lieu of a form of proxy. Beneficial Shareholders are requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, Beneficial Shareholders can call a toll-free telephone number to vote the shares held by them or access Broadridge’s dedicated voting website to deliver their voting instructions. Broadridge will then provide aggregate voting instructions to the Company’s transfer agent and registrar, which will tabulate the results and provide appropriate instructions respecting the voting of Common Shares to be represented at the Meeting or any adjournment thereof.

All references to Shareholders in this Circular, Notice-and-Access Notification, instrument of proxy and Notice of Meeting are to registered shareholders of the Company unless specifically stated otherwise.

Appointment of Proxy Holders

The persons named in the enclosed form of proxy are shareholders of the Company. A voting Shareholder has the right to appoint some other person (who need not be a Shareholder) to attend and to act for and on behalf of such Shareholder at the Meeting. To exercise this right, the Shareholder must either insert the name of the desired person in the blank space provided in the proxy or submit another proper form of proxy and, in either case, deliver the completed proxy by post or other form of delivery to Computershare, Attention: Proxy Department, 320 Bay Street, 14th floor, Toronto, Ontario, M5H 4A6; FAX No: (416) 263-9524 or 1-866-249-7775, voted by telephone at 1-866-732-VOTE (8683) or voted online at www.investorvote.com, in all cases to be received not later than 10:00 a.m. (Toronto Time) on November 18, 2025 or, in the event of an adjournment, not later than two (2) business days preceding the day to which the Meeting is adjourned.

All Common Shares represented by a properly executed and deposited proxy will be voted or withheld from voting on the matters identified in the Notice of Meeting in accordance with the instructions of the Shareholder as specified thereon.

If you have appointed a person who was designated by the Company to vote on your behalf as provided in the enclosed form of proxy and you do not provide any instructions concerning the matter identified in the Notice of Meeting, the Common Shares represented by such proxy will be voted:

- 1. To set the number of directors to be nominated for election at seven (7);**
- 2. FOR the election of the seven persons nominated for election as directors of the Company for the ensuing year;**
- 3. FOR the appointment of MNP LLP, as auditors of the Company for the ensuing year and to authorize the Board of Directors ("Board") to fix their remuneration; and**
- 4. FOR the re-approval of the Company's 10% "rolling" stock option plan.**

The enclosed form of proxy, when properly signed, confers discretionary authority on the person or persons named to vote on any amendment to matters identified in the Notice of Meeting and on any other matter properly coming before the Meeting. The management of the Company is not aware of any such matter; however, if such matter properly comes before the Meeting, the proxies will be voted at the discretion of the person or persons named therein.

Revocation

A proxy given pursuant to this solicitation may be revoked at any time prior to its use. A Shareholder who has given a proxy may revoke the proxy at any time prior to use by:

- (i) completing and signing a proxy bearing a later date and depositing it with Computershare at the address provided herein at any time up to and including the last Business Day preceding the day of the Meeting or any adjournment or postponement thereof;
- (ii) depositing an instrument in writing executed by such Shareholder or by his or her attorney duly authorized in writing, or, if the Shareholder is a body corporate, by a duly authorized officer or attorney, either with Computershare at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement thereof, or with the chairperson of the Meeting on the day of the Meeting or any adjournment or postponement thereof; or
- (iii) in any other manner permitted by law.

Such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No person who has been a director or an officer of the Company at any time since the beginning of its last completed financial year, no proposed nominee for election as a director of the Company nor any associate of any such director, director nominee or officer has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, except as disclosed in this Circular.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized share capital of the Company consists of an unlimited number of Common Shares without par value. As at the date hereof, there are [272,386,884] Common Shares issued and outstanding. Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting.

Pursuant to section 134 of the *Canada Business Corporations Act*, October 2, 2025, has been fixed as the Record Date. Shareholders whose names have been entered in the register of Shareholders at the close of business on the Record Date will be entitled to receive notice of, and to vote, at the Meeting or any adjournments or postponements thereof.

To the knowledge of the Company's management, as at the date of this Circular, except as noted below, no person or corporation beneficially owns, directly or indirectly, or exercises control or direction over, voting securities of the Company carrying more than 10% of the voting rights attached to any class of voting securities of the Company on a non-diluted basis.

Shareholder Name	Number of Common Shares Held ⁽¹⁾⁽²⁾	Percentage of Issued Common Shares
EMR Capital Management Limited ⁽³⁾	32,069,531 ⁽⁴⁾	11.77%

Notes:

- (1) The information as to Common Shares beneficially owned, controlled or directed, not being within the knowledge of the Company, has been obtained by the Company from publicly disclosed information and/or furnished by the Shareholder listed above.
- (2) On a non-diluted basis.
- (3) Anthony Manini, a director of the Company, is the Executive Director and member of the Investment Committee of EMR Capital Management Limited.
- (4) All such Common shares are held by EMR Capital Resources Fund III, LP., of which EMR Capital Management Limited is the Investment Manager.

PARTICULARS OF MATTERS TO BE ACTED UPON

To the knowledge of the Company's management, the only matters to be brought before the Meeting are those matters set forth in the accompanying Notice of Meeting.

1. Receipt of Financial Statements

The financial statements of the Company for the fiscal years ended June 30, 2025 and 2024 and the report of the auditors thereon, will be submitted to the Meeting. Receipt at the Meeting of the auditor's report and the Company's audited financial statements for the fiscal years ended June 30, 2025 and 2024, will not constitute approval or disapproval of any matters referred to therein.

2. Number of Directors

The Company's articles provide for a flexible number of directors, subject to a minimum of one (1) and a maximum of ten (10).

At the Meeting, shareholders will be asked to pass an ordinary resolution to set the number of directors of the Company for the ensuing year at seven (7). The number of directors will be approved if the affirmative vote of the majority of Common Shares present or represented by proxy at the Meeting and entitled to vote are voted in favour to set the number of directors at seven (7).

Management recommends the approval of the resolution to set the number of directors of the Company at seven (7).

Unless the Shareholder has specifically instructed in the enclosed form of proxy that the Common Shares represented by such proxy are to be withheld or voted otherwise, the persons named in the accompanying proxy will vote FOR the resolution to set the number of directors of the Company at seven (7).

3. Election of Directors

At the previous meeting of the Shareholders that was held on November 21, 2024, Wayne Hubert, Hugh Agro, Robert Chausse, Maura Lendon, Norman Pitcher, Larry Radford, and Tim Warman were elected as directors of the Company. Norman Pitcher resigned as a director of the Company on July 31, 2025, and Anthony Manini was appointed as a director of the Company on the same date.

At the Meeting, the Shareholders will be asked to consider, and, if thought fit, approve with or without variation an ordinary resolution re-electing each of the six incumbent members of the Board elected at the previous meeting of the Shareholders, namely Tim, Warman, Hugh Agro, Wayne Hubert, Robert Chausse, Wayne Hubert, Maura Lendon and Larry Radford as directors of the Company, and electing Anthony Manini, as a director of the Company. It is intended that each of the directors will hold office until the next annual meeting of Shareholders or until his or her successor is elected or appointed unless such office is earlier vacated in accordance with the provisions of the *Canada Business Corporations Act*. In order to be elected as a director of the Company, not less than 50% of the votes cast by Shareholders represented at the Meeting in person or by proxy must be voted for the each of each proposed nominee.

Shareholders have the option to (i) vote for all the directors of the Company listed in the table below; (ii) vote for some of the directors and vote against for others; or (iii) vote against for all the directors. **Unless otherwise instructed, proxies and voting**

instructions given pursuant to this solicitation by the management of the Company will be voted FOR the election of each of the proposed nominees set forth in the table below.

The Company's management has no reason to believe that any of the nominees will be unable to serve as a director. **However, if any proposed nominee is unable to serve as a director, the individuals named in the enclosed form of proxy will be voted in favour of the remaining nominees and may be voted in favour of a substitute nominee unless the Shareholder has specified in the proxy that the Common Shares represented thereby are to be voted against the election of directors.**

The following table states the name of each person nominated by management for election as directors, such person's principal occupation or employment, period of service as a director of the Company, and the approximate number of voting securities of the Company that such person beneficially owns, or over which such person exercises direction or control:

4. Appointment of Auditor

MNP LLP (“MNP”) is the independent certified registered auditor of the Company. MNP was first appointed as auditor of the Company effective August 1, 2018.

At the Meeting, Shareholders will be asked to consider and, if thought advisable, to pass an ordinary resolution to re-appoint MNP to serve as the auditor of the Company until the next annual meeting of Shareholders and to authorize the directors of the Company to fix their remuneration as such. To be adopted, this resolution is required to be passed by the affirmative vote of the majority of the votes cast at the Meeting.

Unless the Shareholder has specifically instructed in the enclosed form of proxy that the Common Shares represented by such proxy are to be withheld or voted otherwise, the persons named in the accompanying proxy will vote FOR the re-appointment of MNP as auditor of the Company to hold office until the next annual meeting of Shareholders or until a successor is appointed, and to authorize the Board to fix its remuneration.

The management of the Company recommends that Shareholders vote in favour of the re-appointment of MNP and the authorization of the directors of the Company to fix their remuneration.

5. Approval of Stock Option Plan

The Company maintains a share incentive plan (the “Option Plan”), which was last approved by Shareholders on November 21, 2024.

The policies of the TSX Venture Exchange (the “TSXV”) require all listed companies with a “rolling” stock option plan (such as the Option Plan), under which the maximum number of shares that may be reserved for issuance pursuant to the exercise of stock options is determined as a percentage of an issuer’s issued and outstanding shares, to obtain approval of their stock option plan at their annual meeting of shareholders. Accordingly, the Shareholders will be asked to approve the Option Plan at the Meeting for the ensuing year.

The Option Plan provides that the Board may from time to time, in its discretion, grant to directors, officers, employees and consultants of the Company, or any subsidiary of the Company, the option to purchase Common Shares. The Plan provides for a floating maximum limit of 10% of the outstanding Common Shares as permitted by the policies of the TSXV.

Under the terms of the Option Plan and together with all other security-based compensation arrangements, in any 12-month period, the number of Common Shares reserved for issuance to any one director, officer or employee must not exceed 5% of the issued and outstanding Common Shares, the number of Common Shares reserved for issuance pursuant to options granted to any one technical consultant or persons whose duties primarily consist of performing investor relations activities must not exceed 2% of the issued and outstanding Common Shares, and options granted to such persons must vest in stages over a period of not less than 12 months with no more than 25% of the options vesting in any three-month period. Disinterested shareholder approval shall be required for any individual grant of options that would result in the grant to insiders of the Company (as a group), within a twelve (12) month period of an aggregate number of options exceeding 10% of the issued and outstanding Common Shares. Furthermore, unless disinterested shareholder approval is obtained, the maximum aggregate number of Shares for which Options may be granted or

issued to Insiders (as a group) under the Plan and together with Shares issuable under all other security-based compensation arrangements of the Company shall not exceed 10% of the issued and outstanding Common Shares.

In the event an option holder ceases to hold a position with the Company as a director, officer, employee or consultant, other than by reason of death or disability, the expiry date of the option shall be 90 days following the date the Option holder ceases to hold such position, except for certain circumstances as enumerated in the Option Plan, whereby the expiry date may be extended past 90 days, but in no case may be later than the first anniversary of the date the option holder ceased to hold such position with the Company. If an option holder ceases to hold their position with the Company due to their disability or death, the personal representative of such option holder may exercise the option on or before the date which is the earlier of one year following the death of such option holder and the applicable expiry date. In the event an option holder ceases to hold a position with the Company as a director, officer, employee or consultant for which the option was originally granted, but comes to hold a different position with the Company as a director, officer, employee or consultant, the Board, or a committee designated by the Board, may, in its sole discretion, choose to permit the option to stay in place for the option holder.

Exercise price of the options granted under the Option Plan shall be determined by the Board, or a committee designated by the Board, and must not be less than the Discounted Market Price, as such term is defined in the policies of the TSXV and must otherwise conform with the requirements of the applicable policies of the TSXV. Such options will be exercisable for a period of up to a maximum of 10 years from the date of grant (although none have been granted to-date with an exercise period of more than 5 years to-date). Vesting terms will be determined at the time of grant by the Board. An Option holder may exercise an option in whole or in part at any time and from time to time during the term of the option. Any Option or part thereof not exercised within the term of the option shall terminate and become null, void and of no effect as of the expiry date.

The Board, or a committee designated by the Board, may elect, at any time, to accelerate the vesting schedule of one or more options including, without limitation, on a Triggering Event (as defined in the Option Plan).

An Option holder may, if they so choose and with the permission of the Board, exercise their options by way of Cashless Exercise (as defined in the Option Plan) and Net Exercise (as defined in the Option Plan). Cashless Exercise permits the option holder to purchase shares awarded under the Option Plan using money loaned to them from a brokerage firm rather than funding the exercise with their own personal funds. Payment and delivery of shares under a Cashless Exercise would be as follows: (i) a brokerage firm loans the aggregate exercise price to the option holder (the "Loan"); (ii) the Company issues the shares then being purchased pursuant to the exercise of the option and deposits the shares with the brokerage firm; (iii) the brokerage firm then sells a sufficient number of those shares on behalf of the option holder to generate net cash sale proceeds to repay the Loan; and (iv) the net cash sale proceeds are applied in full repayment of the Loan to the brokerage firm and the option holder is entitled to receive any remaining balance of the net cash sale proceeds and the balance of the shares. Net Exercise permits the option holder to surrender or terminate their right to purchase a certain number of shares pursuant to their options to satisfy the payment required by exercising their options. Without paying any cash, upon exercise, the option holder will receive shares with a total aggregate value equal to the quotient obtained by dividing: (a) the product of the number of options being exercised multiplied by the difference between the VWAP (as defined in the Option Plan) of the underlying shares and the exercise price of the subject Options; by (b) the VWAP of the underlying shares. Option holders will be able to select their desired method of exercise by checking the appropriate box on their exercise notice. Option holders performing Investor Relations Activities may not exercise their options by way of Cashless Exercise or Net Exercise.

As at the date hereof, options to purchase a total of 11,312,379 Common Shares have been issued to eligible participants under the Option Plan and remain outstanding. As at the date hereof, the number of Common Shares remaining available for issuance under the Option Plan is 15,890,771. The full text of the Option Plan is attached hereto as Schedule "A" of this Circular.

Shareholder Approval of the Option Plan

At the Meeting, Shareholders will be asked to consider and, if deemed advisable, to pass an ordinary resolution re-approving the Option Plan. To be adopted, this resolution is required to be passed by the affirmative vote of the majority of votes cast at the Meeting.

Management of the Company recommends that Shareholders vote in favour of the approval of the Option Plan.

Unless otherwise instructed, the persons named in the enclosed proxy or voting instruction form intend to vote such proxy or instructions FOR the approval of the Option Plan. The management of the Company recommends that Shareholders vote in favour of the approval of the Option Plan.

6. Other Matters

Management of the Company knows of no amendment, variation, or other matter to come before the Meeting other than the matters referred to in the notice of meeting accompanying this Circular. However, if any other matter properly comes before the Meeting, valid forms of proxy will be voted on such matter in accordance with the best judgment of the persons voting the proxy.

STATEMENT OF DIRECTOR AND EXECUTIVE COMPENSATION

For the purposes of this Circular, a Named Executive Officer (“**NEO**”) of the Company means each of the following individuals:

- a. a chief executive officer (“**CEO**”) of the Company;
- b. a chief financial officer (“**CFO**”) of the Company;
- c. in respect of the Company and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (a) and (b) at the end of the most recently completed financial year whose total compensation was more than \$150,000; and
- d. each individual who would be an NEO under paragraph (c) above but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of that financial year.

During the Company’s most recently completed financial year, being the financial year ended June 30, 2025, the only NEOs were Hugh Agro, President, Chief Executive Officer and Director, John Meyer, VP Engineering & Development, and Lisa Ross, Chief Financial Officer and Corporate Secretary.

Oversight and description of Director and NEO Compensation

The Company’s compensation philosophy is to motivate performance and foster entrepreneurship at all levels of the organization through, among other things, the granting of variable compensation such as short-term incentive bonuses and stock options.

The Company’s compensation philosophy is based on the following fundamental principles:

- *Compensation programs align with shareholder interests* – the Company aligns the goals of all employees with maximizing long-term shareholder value;
- *Performance sensitive* – compensation for executive officers, in particular, should be linked to operating and market performance of the Company and vary with that performance; and,
- *Offer market competitive compensation* – the compensation program should provide market competitive pay in terms of value and structure to retain existing employees who are performing according to their objectives and to attract new individuals of the highest possible calibre.

The objectives of the compensation program in compensating all NEOs have been developed based on the above-mentioned compensation philosophy and are as follows:

- to attract and retain highly qualified and motivated executive officers;
- to align the interests of executive officers with shareholders’ interests and with the execution of the business strategy;
- to evaluate executive performance based on the achievement of key short-term and long-term business objectives that correlate to long-term shareholder value; and,
- to tie compensation directly to achieving and exceeding predetermined short-term and long-term business objectives.

The Company believes that transparent, objective and easily verified corporate and individual performance goals, play an important role in creating and maintaining an effective compensation strategy for NEOs. The Company establishes key short-term and long-term business goals and objectives for the business and its NEOs that will enhance long-term shareholder value if achieved.

Aggregate compensation for each NEO is designed to be competitive. The compensation committee of the Board (the “**Compensation Committee**”) reviews from time to time the compensation practices of similarly situated companies when considering the Company’s executive compensation practices. The Compensation Committee reviews each element of compensation for market competitiveness, and although it may weigh a particular element more heavily based on the NEO’s role within the Company, it is primarily focused on remaining competitive in the market with respect to total compensation.

From time to time, on an ad hoc basis, the Compensation Committee will review data related to compensation levels and programs of various companies that are similar in size and complexity to the Company and operate within the mining exploration and development industry. The Compensation Committee also relies on the experience of its members as officers and/or directors at other companies in similar lines of business as the Company in assessing compensation levels. These other companies are identified in this Circular under the heading “*Statement of Corporate Governance – Other Directorships*”.

Compensation Governance

The Compensation Committee is responsible for ensuring that the Company has in place an appropriate plan for executive compensation and for making recommendations to the Board with respect to the compensation of the Company’s executive officers. The Compensation Committee ensures that total compensation paid to all NEOs is fair, reasonable, and consistent with the Company’s compensation philosophy and objectives.

From time to time the Compensation Committee makes, and the Board reviews and may approve, recommendations regarding compensation to executive officers and directors. A combination of fixed and variable compensation is used to motivate executive officers to achieve overall corporate goals. The three basic components of the Company’s compensation program are:

- base salary;
- short-term incentive bonus; and,
- option-based compensation.

Base salaries constitute the fixed portion of compensation paid to executive officers and are paid in cash. Short-term incentive bonuses (also paid in cash) and option-based compensation represents compensation that is “at risk” and thus may or may not be paid or translate into value for the respective executive officer depending on whether the Company and the executive officer are able to meet or exceed applicable business objectives and goals; and, in the case of options, the market performance of the Common Shares. The Board considers each business objective and goal and the Company’s and NEO’s performance against those objectives and goals and assigns compensation based on this assessment and the recommendations of the Compensation Committee.

Base Salary

The Compensation Committee and the Board approve the salary ranges for the NEOs. The base salary review for each NEO is based on an assessment of factors such as current competitive market conditions, compensation levels and practices of similarly situated companies and particular skills, such as leadership ability and management effectiveness, experience, motivation, responsibility and proven or expected performance of the individual. The Company may consider comparative data for the Company’s peer group, which is accumulated from several external sources including independent consultants. In light of current market conditions, no increase to any NEO’s base salary was recommended or awarded during the fiscal year.

Short-Term Incentive Bonus

The short-term incentive program is a variable element of compensation and consists of an annual cash bonus. Annual bonuses may be awarded at the sole discretion of the Board, based on the recommendation of the Compensation Committee, for short-term corporate and individual achievements that the Compensation Committee has determined can reasonably be expected to have a positive impact on long-term Shareholder value. Achieving predetermined short-term corporate and individual objectives will trigger the award of a bonus payment to the NEO. The NEO will receive a partial or full short-term incentive bonus payment

depending on the degree of success against corporate and individual goals and objectives and the Board's assessment of overall performance. The determination as to whether corporate or individual goals have been achieved is ultimately made by the Board. The Board reserves the right to make positive or negative adjustments to any bonus payment if they consider them to be appropriate.

The Company's primary business plan and budget objectives during fiscal year 2025 incorporated the following goals:

- share price performance;
- completion of a strategic equity financing;
- operational safety and environmental performance;
- the delivery of a favourable resource update and preliminary economic assessment for the Mercur Gold Project;
- the advance of exploration targets at Mercur and Beartrack-Arnett;
- preparation of Draft Plan of Operation for Beartrack-Arnett;
- progress with permitting activities and community relations in places we live and work; and
- effective public company administration and corporate management.

The Compensation Committee assessed the performance of the Company's NEOs against these goals and scored each according to his or her corporate and individual responsibilities and contribution. The Compensation Committee and Board determined to pay the Company's NEOs the short-term incentive bonuses for fiscal year 2025: \$76,954, US\$47,906, and \$46,594 to Mr. Agro, Mr. Meyer and Ms. Ross, respectively. The bonuses for Mr. Meyer and Ms. Ross were paid prior to the end of fiscal 2025 and the bonus for Mr. Agro was paid in July 2025.

Stock Option Plan

The Option Plan is the Company's only securities-based compensation plan. It was last approved by Shareholders on November 21, 2024, and is required to be approved at the Meeting. A summary of the material terms of the Option Plan is provided under heading "*Approval of Stock Option Plan*" of this Circular. The full text of the Option Plan is attached to this Circular as Schedule "A".

Notes:

- (1) Grant date fair value calculations are based on the Black-Scholes Option Pricing Model. Option-pricing models require the use of highly subjective estimates and assumptions including expected share price volatility. Changes in the underlying assumptions can materially affect the fair value estimates and therefore, in management's opinion, existing models do not necessarily provide a reliable measure of the fair value of the Company's option-based awards.

Compensation Risk Considerations

The Compensation Committee is responsible for considering, establishing, and reviewing executive compensation programs and whether the programs encourage unnecessary or excessive risk-taking. The Company anticipates that any future programs will be balanced and will not motivate unnecessary or excessive risk-taking. In August 2017, the Company adopted a securities trading policy (the "Securities Trading Policy") that prohibits directors and NEOs from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by any director or NEO. To the knowledge of the Company, as of the date of hereof, no director or NEO of the Company has participated in the purchase of such financial instruments.

Base salaries are fixed in amount and do not encourage risk-taking. While annual incentive awards will focus on the achievement of short-term or annual goals, and short-term goals may encourage the taking of short-term risks at the expense of long-term results, the Company's annual incentive award program will represent a small percentage of employees' compensation opportunities.

Stock option awards are important to further align employees' interests with those of the Shareholders. The ultimate value of the awards is tied to the price of the Common Shares, and since awards are expected to be staggered and subject to long-term vesting schedules, they will help ensure that NEOs have significant value tied to long-term stock price performance.

Compensation of Non-Executive Directors

As part of its mandate, the Compensation Committee is responsible for annually reviewing and recommending to the Board a compensation package for its members. In considering the directors' compensation package, the Compensation Committee takes into consideration the relative responsibilities of directors in serving on the Board, the types of compensation, and the amounts paid to directors of comparable publicly traded Canadian companies.

As a developing pre-production mineral exploration company, the Company has a small number of employees and relies extensively on the input and expertise of its non-employee directors. In its efforts to attract and retain experienced directors, the Company may choose to compensate directors partly with incentive stock options, thereby conserving its cash resources and, with equal importance, aligning the directors' incentives with the interests of the Shareholders by providing them with the opportunity to participate in the upside that results from their contributions. While other larger and/or established operating companies may place limits on non-employee director compensation to a maximum amount per director per year in order to satisfy external policies and proxy voting guidelines, the Company believes that some methodologies used to quantify the value of options at the time of the grant (using an option pricing model that values options based on a theoretical value at the time of grant) are not suited to calculating such a limit in the case of the Company. Because such methodologies typically incorporate stock volatility into the calculation of option value, the volatility of the Company's stock (compared with more established operating companies) can significantly inflate option value. The result is that an annual option grant could be valued well in excess of the proposed limits discussed above, even if the option is

out-of-the money on the date of grant. While the Company does not object to the principle of limiting non-employee director compensation, the Company believes that it is not currently at the right stage of its development to impose such limitations based on external, generalized criteria. Accordingly, the Company intends to continue to evaluate grants of options to non-employee directors on a case-by-case basis, making grants based on the contributions of such non-employee directors to the Company and having regard to the levels of compensation offered by companies in analogous stages of development.

- (2) Based on a total of 271,941,500 Common Shares issued and outstanding as at June 30, 2025.

INDEBTEDNESS OF DIRECTORS AND OFFICERS

No executive officer, director, or employee of the Company, past or present, nor any proposed nominee for election as a director of the Company, nor any associate of any of the foregoing persons, at any time during the fiscal year ended June 30, 2025, and as at the date of this Circular, is or was indebted to the Company in connection with the purchase of securities or otherwise, nor is any such individual indebted to another entity with such debt being the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company.

STATEMENT OF CORPORATE GOVERNANCE

Effective June 30, 2005, National Instrument 58-101 Disclosure of Corporate Governance Practices ("NI 58-101") and National Policy 58-201 Corporate Governance Guidelines ("NP-58-201") were adopted in each of the provinces and territories of Canada. NI 58-101 requires issuers to disclose the corporate governance practices they have adopted. NP 58-201 provides guidance on corporate governance practices.

The Board facilitates its exercise of independent supervision over the Company's management through frequent meetings. The Board, on a continuing basis, examines the effectiveness of the Company's internal controls processes and management information systems and reviews executive compensation and recommends stock option grants.

Board of Directors

The Board currently consists of seven directors: Tim Warman (Chair), Hugh Agro, Wayne Hubert, Robert Chausse, Maura Lendon, Anthony Manini, and Larry Radford. All the directors are to be nominated for election at the Meeting.

The Board currently has four independent directors. For this purpose, a director is independent if he or she has no direct or indirect “material relationship” with the Company. A “material relationship” is a relationship which could, in the view of the Company’s Board, be reasonably expected to interfere with the exercise of the director’s independent judgment. Of the proposed nominees, five directors, Tim Warman, Robert Chausse, Maura Lendon, and Larry Radford are considered independent. Of the proposed nominees, three directors, Hugh Agro, Anthony Manini, and Wayne Hubert, are not considered independent. Mr. Agro is the President and CEO of the Company, Anthony Manini is the Executive Director and member of the Investment Committee of EMR Capital Management Limited which exercises control and direction over 10% of the Common Shares, and Mr. Hubert was the President and CEO of Ensign Minerals Inc., a subsidiary of the Company, prior to its acquisition by the Company on May 30, 2024.

The Board functions independently of management. To enhance its ability to act independent of management, the Board may meet in the absence of members of management or may excuse such persons from all or a portion of any meeting where an actual or potential conflict of interest arises or where the Board otherwise determines is appropriate.

Other Public Company Directorships

The following table sets forth the proposed directors of the Company who are directors of other reporting issuers:

Name	Name of other Reporting Issuer
Tim Warman	Fuerte Metals Corporation
Hugh Agro	West Red Lake Gold Mines
Robert Chausse	Western Copper and Gold Corporation
Wayne Hubert	InZinc Mining Ltd.
Maura Lendon	Kuya Silver Corporation
Anthony Manini	Andina Copper, Asiamet Resources Limited, C3 Metals Inc.

Orientation and Continuing Education

While the Company currently has no formal orientation and education program for new Board members, it is expected that sufficient information (such as recent financial statements, technical reports and various other operating, property, and budget reports) will be provided to all new Board members to ensure that new directors are familiarized with the Company’s business and the procedures of the Board. In addition, new directors will be encouraged to visit the Company’s project site and meet with management on a regular basis. The Company will also encourage continuing education of its directors and officers where appropriate to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Company.

Ethical Business Conduct

The fiduciary duties placed on individual directors by the Company’s governing corporate legislation and the common law, and the restrictions placed by applicable corporate legislation on an individual director’s participation in decisions of the Board in which the director has an interest will ensure that the Board operates independently of management and in the best interests of the Company.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and to exercise the care, diligence, and skill that a reasonably prudent person would exercise in comparable circumstances. In addition, as some of the directors of the Company also serve as directors and officers of other companies engaged in similar business activities, directors must comply with the conflict-of-interest provisions of the *Canada Business Corporations Act*, as well as the relevant securities regulatory instruments, to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest.

Any interested director will be required to declare the nature and extent of his or her interest and will not be entitled to vote at meetings of directors at which matters that give rise to such a conflict of interest are considered.

In addition, the Board has adopted a corporate governance manual that sets out principles governing many of the Board's functions. Among other documents, the corporate governance manual contains the mandate of the Board of Directors, and the Code of Business Conduct and Ethics adopted by the Company in August 2017. The mandate of the Board of Directors and of the Code of Business Conduct and Ethics are available on the Company's website at www.revival-gold.com.

Nomination of Directors

While the Board is ultimately responsible for the assessment of potential directors, the Board has established a Corporate Governance and Nominating Committee, which, as part of its mandate, reviews the composition of the Board, assesses Board performance and the contributions of individual directors, and, if appropriate, identifies new candidates and makes recommendations to the Board for nominees for election as directors. See "Corporate Governance and Nominating Committee" below. Members of the Board are canvassed with respect to the qualifications of a prospective candidate, and each candidate is evaluated with respect to his or her experience and expertise, with particular attention paid to those areas of expertise that could complement and enhance the current Board. The Board seeks opportunities to achieve gender diversity and has adopted a formal Diversity Policy. See "Diversity Policy" below. The Board, with the assistance of the Corporate Governance and Nominating Committee, also assesses any potential conflicts, independence, or time commitment concerns that the candidate may present. The Board has implemented a board evaluation framework to assist with identifying areas of improvement for the current board and the expertise desired of prospective candidates.

Diversity Policy

The Company recognizes the important contribution that women and other commonly underrepresented groups can make to the mining industry. The Company has a written corporate diversity policy (the "**Diversity Policy**"), which sets out the Company's objectives for shaping its workforce and management. In addition, management periodically reviews the Company's recruitment and selection practices at all levels to ensure they are appropriately structured so that a diverse range of candidates are considered and that there are no conscious or unconscious biases that might discriminate against certain candidates. Management leads the Diversity Policy by regarding it as an important business issue and a part of the Company's daily business activities. The Board is kept apprised of the workforce composition and management considers the policy while making hiring and appointment decisions.

The Company's management and Board have varying backgrounds and expertise and were selected on the belief that the Company and its stakeholders will benefit from such a range of talent and cumulative experience. The Board considers merit as the essential requirement for board and executive appointments, and as such, it has not adopted any specific target number or percentage or a range of target numbers or percentages, respecting the representation of women, local community members and/or Indigenous peoples, persons with disabilities, or members of visible minorities (collectively, "**members of designated groups**") on the Board or in management roles. The Diversity Policy does not specifically contemplate members of designated groups but is instead aimed at ensuring a diverse range of candidates in general are considered at all levels of the Company.

Although the level of representation of members of designated groups is one of the many factors taken into consideration in making Board and executive officer appointments, emphasis is placed on hiring or advancing the most qualified individuals. The Company has not adopted term limits or other mechanisms of Board renewal as it takes the view that they may result in directors who have accumulated valuable industry experience being forced to leave their position arbitrarily. The Company believes that directors should be assessed based on their ability to continue to make a meaningful contribution to the Company.

The following statistics regarding board and management composition are required disclosures of Corporations Canada. As of the date hereof, self-disclosed members of designated groups currently holding positions on the Board or in management are as follows:

As of the date hereof, the Board of the Company consists of:

- A total of 7 directors;
- 1 is female (14%);
- 0 are persons with disabilities (0%);
- 0 are local community members and/or Indigenous persons (0%); and

As of the date hereof, the management team of the Company consists of:

- A total of 7 members;

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee provides a focus on corporate governance that will enhance Company performance. Responsibility for identifying new candidates to join the Board belongs to the Board as a whole. The Board encourages all directors to participate in the process of identifying and recruiting new candidates. The Corporate Governance and Nominating Committee has the responsibility of making recommendations to the Board with respect to the new nominees and for assessing directors on an ongoing basis. While there are no specific criteria for Board membership, the Company will seek to attract and retain directors with business knowledge and particular expertise in mineral exploration and development or other areas of specialized knowledge (such as finance), which will assist in advising the officers of the Company. The Members of the Corporate Governance and Nominating Committee are Maura Lendon (Chair), Wayne Hubert, and Tim Warman. The Board has adopted the charter of the Corporate Governance and Nominating Committee, the full text of which is available on the Company’s website at <https://revival-gold.com/>. The Compensation Committee is responsible for assisting the Company in determining compensation of senior management of the Company as well as reviewing the adequacy and form of the directors’ compensation. The Compensation Committee is expected to annually review the goals and objectives of the Company’s Chief Executive Officer for the upcoming year and to perform an appraisal of the Company’s Chief Executive Officer’s performance for the past year. The Compensation Committee will also administer and make recommendations regarding the operation of the Company’s incentive plans. The Members of the Compensation Committee are Wayne Hubert (Chair), Robert Chausse and Tim Warman. Assessments

The Board of the Company makes annual assessments regarding the effectiveness of the Board itself, committees, and individual directors in fulfilling their respective responsibilities, based on the principles stipulated in the Oversight of Management section of the Mandate of The Board of Directors, the full text of which is available on the Company's website. The Board has implemented a board evaluation framework to assist with identifying areas of improvement for the current board and the expertise desired of prospective candidates.

In May 2019, the Board implemented a formal Board Evaluation procedure, designed to assist in evaluating the effectiveness of the Board, the committees of the Board and the individual directors. This assessment of the Company's directors is conducted by the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee compiles a matrix of competencies for the current Board, so that the Board has the information it needs to select future directors with the right mix of skills and experience for the Company and its business interests. The Corporate Governance and Nominating Committee is responsible for the review and makes recommendations to the Board regarding the methodology of the assessment. The review consists of a self-evaluation questionnaire, prepared annually, that is designed to encourage candid feedback on the effectiveness and contribution of individual directors as per the following categories:

- Alignment with shareholders
- CEO and board experience
- Mining industry experience
- Exploration industry experience
- Project development and/or operating experience
- Financial literacy
- Capital market experience and capabilities
- Business development experience
- Business support services – legal, human resources, information technology
- Corporate governance and/or risk management experience
- Government/community relations and permitting experience
- Strategic planning experience and/or business development experience
- Ability and willingness to act as Interim CEO, if needed
- Overall comments

Additionally, each director annually completes a detailed questionnaire to provide an assessment of the effectiveness of each Board committee and of the Board as a whole. The information is gathered, discussed, and acted upon, as required, by the Corporate Governance and Nominating Committee and Board.

- (b) the category (Executive, Employee or Consultant) under which the Option was granted to him, her or it;
- (c) the Grant Date and Expiry Date of the Option;
- (d) the number of Shares which may be acquired on the exercise of the Option and the Exercise Price of the Option;
- (e) the vesting and other additional terms, if any, attached to the Option; and
- (f) the particulars of each and every time the Option is exercised.

2.3 Effect of Plan

All Options granted pursuant to the Plan shall be subject to the terms and conditions of the Plan notwithstanding the fact that the Option Certificates issued in respect thereof do not expressly contain such terms and conditions but instead incorporate them by reference to the Plan. The Option Certificates will be issued for convenience only and in the case of a dispute with regard to any matter in respect thereof, the provisions of the Plan and the records of the Company shall prevail over the terms and conditions in the Option Certificate, save and except as noted below. Each Option will also be subject to, in addition to the provisions of the Plan, the terms and conditions contained in the schedules, if any, attached to the Option Certificate for such Option. Should the terms and conditions contained in such schedules be inconsistent with the provisions of the Plan, such terms and conditions will supersede the provisions of the Plan.

SECTION 3 PURPOSE AND PARTICIPATION

3.1 Purpose of Plan

The purpose of the Plan is to provide the Company with a share-related mechanism to attract, retain and motivate qualified Executives, Employees and Consultants, to incent such individuals to contribute toward the long term goals of the Company, and to encourage such individuals to acquire Shares of the Company as long term investments.

3.2 Participation in Plan

The Committee shall, from time to time and in its sole discretion, determine those Executives, Employees and Consultants, if any, to whom Options are to be granted.

3.3 Limits on Option Grants

If the Company is listed on TSXV, the following limitations shall apply to the Plan and all Options thereunder so long as such limitations are required by the TSXV:

- (a) the maximum number of Options which may be granted to any one Option Holder under the Plan together with all other security-based compensation arrangements of the Company within any 12 month period shall be 5% of the Outstanding Issue, calculated as at the Grant Date (unless the Company has obtained Disinterested Shareholder Approval as required by the TSXV);
- (b) with respect to section 5.1, the Expiry Date of an Option shall be no later than the tenth anniversary of the Grant Date of such Option;
- (c) the maximum number of Options which may be granted to any one Consultant within any 12 month period under the Plan and together with grants to such Consultant under all other security-based compensation arrangements of the Company must not exceed 2% of the Outstanding Issue, calculated as at the Grant Date, and such Options must vest in stages over a period of not less than 12 months with no more than 25% of the total Options granted to that Consultant vesting in any three month period;
- (d) the maximum number of Options which may be granted within any 12 month period to Employees or Consultants engaged in Investor Relations Activities under the Plan and together with all other security-based compensation arrangements of the Company must not exceed 2% of the Outstanding Issue, calculated as at the Grant Date, and such Options must vest in stages over a period of not less than 12 months with no more than 25% of the Options vesting in any three month period;
- (e) Disinterested Shareholder Approval shall be required for any individual grant of Options that would result in the grant to Insiders (as a group), within a twelve (12) month period, under the Plan and together with all other security-based compensation arrangements of the Company of an aggregate number of Options exceeding ten percent (10%) of the Outstanding Issue, calculated on the date an Option is granted to any Insider; and
- (f) Unless Disinterested Shareholder Approval is obtained, the maximum aggregate number of Shares for which Options may be granted or issued to Insiders (as a group) under this Plan and together with Shares issuable under all other security-based compensation arrangements of the Company shall not exceed 10% of the Outstanding Issue at any point in time;

and such limitation will not be an amendment to this Plan requiring the Option Holders consent under section 9.2 of this Plan.

3.4 Notification of Grant

Following the granting of an Option, the Administrator shall, within a reasonable period of time, notify the Option Holder in writing of the grant and shall enclose with such notice the Option Certificate representing the Option so granted. In no case will the Company be required to deliver an Option Certificate to an Option Holder until such time as the Company has obtained all necessary Regulatory Approvals for the grant of the Option.

3.5 Copy of Plan

Each Option Holder, concurrently with the notice of the grant of the Option, shall be provided with a copy of the Plan. A copy of any amendment to the Plan shall be promptly provided by the Administrator to each Option Holder.

3.6 Limitation on Service

The Plan does not give any Option Holder that is an Executive the right to serve or continue to serve as an Executive of the Company or any Subsidiary, nor does it give any Option Holder that is an Employee or Consultant the right to be or to continue to be employed or engaged by the Company or any Subsidiary.

3.7 No Obligation to Exercise

Option Holders shall be under no obligation to exercise Options granted under this Plan.

3.8 Agreement

The Company and every Option Holder granted an Option hereunder shall be bound by and subject to the terms and conditions of this Plan. By accepting an Option granted hereunder, the Option Holder has expressly agreed with the Company to be bound by the terms and conditions of this Plan. In the event that the Option Holder receives his, her or its Options pursuant to an oral or written agreement with the Company or a Subsidiary, whether such agreement is an employment agreement, consulting agreement or any other kind of agreement of any kind whatsoever, the Option Holder acknowledges that in the event of any inconsistency between the terms relating to the grant of such Options in that agreement and the terms attaching to the Options as provided for in this Plan, the terms provided for in this Plan shall prevail and the other agreement shall be deemed to have been amended accordingly.

3.9 Notice

Any notice, delivery or other correspondence of any kind whatsoever to be provided by the Company to an Option Holder will be deemed to have been provided if provided to the last home address, fax number or email address of the Option Holder in the records of the Company and the Company shall be under no obligation to confirm receipt or delivery.

3.10 Representation to TSXV

As a condition precedent to the issuance of an Option, the Company must be able to represent to TSXV as of the Grant Date that the Option Holder is a *bona fide* Executive, Employee or Consultant of the Company or any Subsidiary. Both the Company and the Option Holder are responsible for confirming that the Option Holder is a bona fide Employee, Consultant or Management Company Employee, as the case may be.

SECTION 4 NUMBER OF SHARES UNDER PLAN

4.1 Board to Approve Issuance of Shares

The Board shall approve by resolution the issuance of all Shares to be issued to Option Holders upon the exercise of Options, such authorization to be deemed effective as of the Grant Date of such Options regardless of when it is actually done. The Board shall be entitled to approve the issuance of Shares in advance of the Grant Date, retroactively after the Grant Date, or by a general approval of this Plan.

4.2 Number of Shares

Subject to adjustment as provided for herein, the number of Shares which will be available for purchase pursuant to Options granted pursuant to this Plan will not exceed 10% of the issued and outstanding Shares as at the time of grant. If any Option expires or otherwise terminates for any reason without having been exercised in full, the number of Shares in respect of such expired or terminated Option shall again be available for the purposes of granting Options pursuant to this Plan.

4.3 Fractional Shares

No fractional shares shall be issued upon the exercise of any Option and, if as a result of any adjustment, an Option Holder would become entitled to a fractional share, such Option Holder shall have the right to purchase only the next lowest whole number of Shares and no payment or other adjustment will be made for the fractional interest.

SECTION 5 TERMS AND CONDITIONS OF OPTIONS

5.1 Exercise Period of Option

Subject to sections 3.3(b), 5.4, 6.2, 6.3, 6.4 and 11.4, the Grant Date and the Expiry Date of an Option shall be the dates fixed by the Committee at the time the Option is granted and shall be set out in the Option Certificate issued in respect of such Option.

5.2 Number of Shares Under Option

The number of Shares which may be purchased pursuant to an Option shall be determined by the Committee and shall be set out in the Option Certificate issued in respect of the Option.

5.3 Exercise Price of Option

The Exercise Price at which an Option Holder may purchase a Share upon the exercise of an Option shall be determined by the Committee and shall be set out in the Option Certificate issued in respect of the Option. The Exercise Price shall not be less than the Market Value of the Shares as of the Grant Date. The Market Value of the Shares for a particular Grant Date shall be determined as follows:

- (a) for each organized trading facility on which the Shares are listed, Market Value will be the closing trading price of the Shares on the day immediately preceding the Grant Date, and may be less than this price if it is within the discounts permitted by the applicable Regulatory Authorities;
- (b) if the Company's Shares are listed on more than one organized trading facility, the Market Value shall be the Market Value as determined in accordance with subparagraph (a) above for the primary organized trading facility on which the Shares are listed, as determined by the Committee, subject to any adjustments as may be required to secure all necessary Regulatory Approvals;
- (c) if the Company's Shares are listed on one or more organized trading facilities but have not traded during the ten trading days immediately preceding the Grant Date, then the Market Value will be, subject to any adjustments as may be required to secure all necessary Regulatory Approvals, such value as is determined by the Committee; and
- (d) if the Company's Shares are not listed on any organized trading facility, then the Market Value will be, subject to any adjustments as may be required to secure all necessary Regulatory Approvals, such value as is determined by the Committee to be the fair value of the Shares, taking into consideration all factors that the Committee deems appropriate, including, without limitation, recent sale and offer prices of the Shares in private transactions negotiated at arms' length.

Notwithstanding anything else contained herein, in no case will the Market Value be less than the minimum prescribed by each of the organized trading facilities that would apply to the Company on the Grant Date in question.

5.4 Termination of Option

Subject to such other terms or conditions that may be attached to Options granted hereunder, an Option Holder may exercise an Option in whole or in part at any time and from time to time during the Exercise Period. Any Option or part thereof not exercised within the Exercise Period shall terminate and become null, void and of no effect as of the Expiry Time on the Expiry Date. The Expiry Date of an Option shall be the earlier of the date so fixed by the Committee at the time the Option is granted as set out in the Option Certificate and the date established, if applicable, in paragraphs (a) or (b) below or sections 6.2, 6.3, 6.4, or 11.4 of this Plan:

- (a) *Ceasing to Hold Office* – Subject to section 5.4(c) of this Plan, in the event that the Option Holder holds his or her Option as an Executive and such Option Holder ceases to hold such position other than by reason of death or Disability, the Expiry Date of the Option shall be, unless otherwise determined by the Committee and expressly provided for in the Option Certificate, the 90th day following the date the Option Holder ceases to hold such position unless the Option Holder ceases to hold such position as a result of:
 - (i) ceasing to meet the qualifications set forth in the corporate legislation applicable to the Company;

- (ii) a special resolution having been passed by the shareholders of the Company removing the Option Holder as a director of the Company or any Subsidiary; or
- (iii) an order made by any Regulatory Authority having jurisdiction to so order;

in which case the Expiry Date shall be the date the Option Holder ceases to hold such position, and in no event shall the Expiry Date of the Option shall be later than the first anniversary of the date the Option Holder ceases to hold such position with the Company; OR

- (b) *Ceasing to be Employed or Engaged* - Subject to section 5.4(c) of this Plan, in the event that the Option Holder holds his or her Option as an Employee or Consultant and such Option Holder ceases to hold such position other than by reason of death or Disability, the Expiry Date of the Option shall be, unless otherwise determined by the Committee and expressly provided for in the Option Certificate, the 90th day following the date the Option Holder ceases to hold such position, unless the Option Holder ceases to hold such position as a result of:

- (i) termination for cause;
- (ii) resigning his or her position; or
- (iii) an order made by any Regulatory Authority having jurisdiction to so order;

in which case the Expiry Date shall be the date the Option Holder ceases to hold such position, and in no event shall the Expiry Date of the Option shall be later than the first anniversary of the date the Option Holder ceases to hold such position with the Company.

- (c) In the event that the Option Holder ceases to hold the position of Executive, Employee or Consultant for which the Option was originally granted, but comes to hold a different position as an Executive, Employee or Consultant prior to the expiry of the Option, the Committee may, in its sole discretion, choose to permit the Option to stay in place for that Option Holder with such Option then to be treated as being held by that Option Holder in his or her new position and such will not be considered to be an amendment to the Option in question requiring the consent of the Option Holder under section 9.2 of this Plan. Notwithstanding anything else contained herein, in no case will an Option be exercisable later than the Expiry Date of the Option.

5.5 Vesting of Option and Acceleration

The vesting schedule for an Option, if any, shall be determined by the Committee and shall be set out in the Option Certificate issued in respect of the Option. The Committee may elect, at any time, to accelerate the vesting schedule of one or more Options including, without limitation, on a Triggering Event, and such acceleration will not be considered an amendment to the Option in question requiring the consent of the Option Holder under section 9.2 of this Plan.

5.6 Additional Terms

Subject to all applicable Regulatory Rules and all necessary Regulatory Approvals, the Committee may attach additional terms and conditions to the grant of a particular Option, such terms and conditions to be set out in a schedule attached to the Option Certificate. The Option Certificates will be issued for convenience only, and in the case of a dispute with regard to any matter in respect thereof, the provisions of this Plan and the records of the Company shall prevail over the terms and conditions in the Option Certificate, save and except as noted below. Each Option will also be subject to, in addition to the provisions of the Plan, the terms and conditions contained in the schedules, if any, attached to the Option Certificate for such Option. Should the terms and conditions contained in such schedules be inconsistent with the provisions of the Plan, such terms and conditions will supersede the provisions of the Plan.

SECTION 6 TRANSFERABILITY OF OPTIONS

6.1 Non-transferable

Except as provided otherwise in this Section 6, Options are non-assignable and non-transferable.

6.2 Death of Option Holder

In the event of the Option Holder's death, any Options held by such Option Holder shall pass to the Personal Representative of the Option Holder and shall be exercisable by the Personal Representative on or before the date which is the earlier of one year following the date of death and the applicable Expiry Date.

6.3 Disability of Option Holder

If the employment or engagement of an Option Holder as an Employee or Consultant or the position of an Option Holder as a director or officer of the Company or a Subsidiary is terminated by the Company by reason of such Option Holder's Disability, any Options held by such Option Holder shall be exercisable by such Option Holder or by the Personal Representative on or before the date which is the earlier of one year following the termination of employment, engagement or appointment as a director or officer and the applicable Expiry Date.

6.4 Disability and Death of Option Holder

If an Option Holder has ceased to be employed, engaged or appointed as a director or officer of the Company or a Subsidiary by reason of such Option Holder's Disability and such Option Holder dies within one year after the termination of such engagement, any Options held by such Option Holder that could have been exercised immediately prior to his or her death shall pass to the Personal Representative of such Option Holder and shall be exercisable by the Personal Representative on or before the date which is the earlier of one year following the death of such Option Holder and the applicable Expiry Date.

6.5 Vesting

Unless the Committee determines otherwise, Options held by or exercisable by a Personal Representative shall, during the period prior to their termination, continue to vest in accordance with any vesting schedule to which such Options are subject.

6.6 Deemed Non-Interruption of Engagement

Employment or engagement by the Company shall be deemed to continue intact during any military or sick leave or other *bona fide* leave of absence if the period of such leave does not exceed 90 days or, if longer, for so long as the Option Holder's right to re-employment or re-engagement by the Company is guaranteed either by statute or by contract. If the period of such leave exceeds 90 days and the Option Holder's re-employment or re-engagement is not so guaranteed, then his or her employment or engagement shall be deemed to have terminated on the ninety-first day of such leave.

SECTION 7 EXERCISE OF OPTION

7.1 Exercise of Option

An Option may be exercised only by the Option Holder or the Personal Representative of any Option Holder. An Option Holder or the Personal Representative of any Option Holder may exercise an Option in whole or in part at any time and from time to time during the Exercise Period up to the Expiry Time on the Expiry Date by delivering

to the Administrator the required Exercise Notice, the applicable Option Certificate and a certified cheque or bank draft payable to the Company in an amount equal to the aggregate Exercise Price of the Shares then being purchased pursuant to the exercise of the Option. Notwithstanding anything else contained herein, Options may not be exercised during Black-Out unless the Committee determines otherwise. Where the expiry date for an Option occurs during a Black-Out, the expiry date for such Option shall be extended to the date that is 10 business days following the end of such Black-Out.

7.2 Issue of Share Certificates

As soon as reasonably practicable following the receipt of the Exercise Notice, the Administrator shall cause to be delivered to the Option Holder a certificate for the Shares so purchased. If the number of Shares so purchased is less than the number of Shares subject to the Option Certificate surrendered, the Administrator shall also provide a new Option Certificate for the balance of Shares available under the Option to the Option Holder concurrent with delivery of the Share Certificate.

7.3 No Rights as Shareholder

Until the date of the issuance of the certificate for the Shares purchased pursuant to the exercise of an Option, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to such Shares, notwithstanding the exercise of the Option, unless the Committee determines otherwise. In the event of any dispute over the date of the issuance of the certificates, the decision of the Committee shall be final, conclusive and binding.

7.4 Net Exercise

In lieu of the exercise price of each Share underlying an Option being paid in cash, the Option may be exercised, except Options granted to persons performing Investor Relations Activities, at the discretion of the Option Holder and only with the written permission of the Board and as permitted by the Exchange Policies, by a “Net Exercise” whereby the Option Holder will receive only the number of Shares underlying the Option that is the equal to the quotient obtained by dividing:

- (i) the product of the number of Options being exercised multiplied by the difference between the VWAP of the underlying Shares and the exercise price of the subject Options by
- (ii) the VWAP of the underlying Shares.

In the event of a Net Exercise, the number of Options exercised, surrendered or converted, and not the number of Shares actually issued, must be included in calculating the limits set forth in Section 3.3 of the Plan, and must otherwise comply with the rules of the TSXV.

7.5 Cashless Exercise

In lieu of the exercise price of each Share underlying an Option being paid in cash, the Option may be exercised, except Options granted to persons performing Investor Relations Activities, at the discretion of the Option Holder and only with the written permission of the Board and as permitted by the Exchange Policies, by a “Cashless Exercise” whereby the Option Holder may elect for a broker-assisted cashless exercise and shall receive:

- (i) an amount in cash equal to the cash proceeds realized upon the sale in the capital markets of the Shares underlying the Option (or portion thereof being exercised) by a securities dealer designated by the Company, less the aggregate exercise price, any applicable withholding taxes, and any transfer costs charged by the securities dealer to sell the Shares;
- (ii) an aggregate number of Shares that is equal to the number of Shares underlying the Option (or portion thereof being exercised) minus the number of Shares sold in the capital markets by a securities dealer designated by the Company as required to realize cash proceeds equal to the aggregate exercise price, any applicable withholding taxes and any transfer costs charged by the securities dealer to sell the Shares; or
- (iii) a combination of Section 7.5(i) and 7.5(ii).

In the event of a Cashless Exercise, the number of Options exercised, surrendered or converted, and not the number of Shares actually issued, must be included in calculating the limits set forth in Section 3.3 of the Plan, and must otherwise comply with the rules of the TSXV.

SECTION 8 ADMINISTRATION

8.1 Board or Committee

The Plan shall be administered by the Board, by a Committee of the Board appointed in accordance with section 8.2 below, or by an Administrator appointed in accordance with subsection 8.4(b).

8.2 Appointment of Committee

The Board may at any time appoint a Committee, consisting of not less than two of its members, to administer the Plan on behalf of the Board in accordance with such terms and conditions as the Board may prescribe, consistent with this Plan. Once appointed, the Committee shall continue to serve until otherwise directed by the Board. From time to time, the Board may increase the size of the Committee and appoint additional members, remove members (with or without cause) and appoint new members in their place, fill vacancies however caused, or remove all members of the Committee and thereafter directly administer the Plan.

8.3 Quorum and Voting

A majority of the members of the Committee shall constitute a quorum and, subject to the limitations in this Section 8, all actions of the Committee shall require the affirmative vote of members who constitute a majority of such quorum. Members of the Committee may vote on any matters affecting the administration of the Plan or the grant of Options pursuant to the Plan, except that no such member shall act upon the granting of an Option to himself or herself (but any such member may be counted in determining the existence of a quorum at any meeting of the Committee during which action is taken with respect to the granting of Options to that member). The Committee may approve matters by written resolution signed by a majority of the quorum.

8.4 Powers of Committee

The Committee (or the Board if no Committee is in place) shall have the authority to do the following:

- (a) administer the Plan in accordance with its terms;
- (b) appoint or replace the Administrator from time to time;
- (c) determine all questions arising in connection with the administration, interpretation and application of the Plan, including all questions relating to the Market Value of the Shares;
- (d) correct any defect, supply any information or reconcile any inconsistency in the Plan in such manner and to such extent as shall be deemed necessary or advisable to carry out the purposes of the Plan;
- (e) prescribe, amend, and rescind rules and regulations relating to the administration of the Plan;
- (f) determine the duration and purposes of leaves of absence from employment or engagement by the Company which may be granted to Option Holders without constituting a termination of employment or engagement for purposes of the Plan;
- (g) do the following with respect to the granting of Options:
 - (i) determine the Executives, Employees or Consultants to whom Options shall be granted, based on the eligibility criteria set out in this Plan;
 - (ii) determine the terms of the Option to be granted to an Option Holder including, without limitation, the Grant Date, Expiry Date, Exercise Price and vesting schedule (which need not be identical with the terms of any other Option);
 - (iii) subject to any necessary Regulatory Approvals and section 9.2, amend the terms of any Options;

- (iv) determine when Options shall be granted; and
- (v) determine the number of Shares subject to each Option;
- (h) accelerate the vesting schedule of any Option previously granted; and
- (i) make all other determinations necessary or advisable, in its sole discretion, for the administration of the Plan.

8.5 Administration by Committee

All determinations made by the Committee in good faith shall be final, conclusive and binding upon all persons. The Committee shall have all powers necessary or appropriate to accomplish its duties under this Plan.

8.6 Interpretation

The interpretation by the Committee of any of the provisions of the Plan and any determination by it pursuant thereto shall be final, conclusive, and binding and shall not be subject to dispute by any Option Holder. No member of the Committee or any person acting pursuant to authority delegated by it hereunder shall be personally liable for any action or determination in connection with the Plan made or taken in good faith and each member of the Committee and each such person shall be entitled to indemnification with respect to any such action or determination in the manner provided for by the Company.

SECTION 9 APPROVALS AND AMENDMENT

9.1 Shareholder Approval of Plan

If required by a Regulatory Authority or by the Committee, this Plan may be made subject to the approval of a majority of the votes cast at a meeting of the shareholders of the Company or by a majority of votes cast by disinterested shareholders at a meeting of shareholders of the Company. If shareholder approval is required, any Options granted under this Plan prior to such time will not be exercisable or binding on the Company unless and until such shareholder approval is obtained.

9.2 Amendment of Option or Plan

Subject to any required Regulatory Approvals or the prior approval of shareholders of the Company, the Committee may from time to time amend any existing Option or the Plan or the terms and conditions of any Option thereafter to be granted provided that where such amendment relates to an existing Option and it would:

- (a) materially decrease the rights or benefits accruing to an Option Holder; or
- (b) materially increase the obligations of an Option Holder;

then, unless otherwise excepted out by a provision of this Plan, the Committee must also obtain the written consent of the Option Holder in question to such amendment. If at the time the Exercise Price of an Option is reduced or the term of an Option is extended and the Option Holder is an Insider of the Company, the Insider must not exercise the Option at the reduced Exercise Price nor may the term of the Option be extended, as applicable until the reduction in Exercise Price or extension of the term of the Option has received Disinterested Shareholder Approval, if required by the TSXV.

SECTION 10 CONDITIONS PRECEDENT TO ISSUANCE OF OPTIONS AND SHARES

10.1 Compliance with Laws

An Option shall not be granted or exercised, and Shares shall not be issued pursuant to the exercise of any Option, unless the grant and exercise of such Option and the issuance and delivery of such Shares comply with all applicable Regulatory Rules, and such Options and Shares will be subject to all applicable trading restrictions in effect pursuant to such Regulatory Rules and the Company shall be entitled to legend the Option Certificates and the certificates representing such Shares accordingly.

10.2 Obligation to Obtain Regulatory Approvals

In administering this Plan, the Committee will seek any Regulatory Approvals which may be required. The Committee will not permit any Options to be granted without first obtaining the necessary Regulatory Approvals unless such Options are granted conditional upon such Regulatory Approvals being obtained. The Committee will make all filings required with the Regulatory Authorities in respect of the Plan and each grant of Options hereunder. No Option granted will be exercisable or binding on the Company unless and until all necessary Regulatory Approvals have been obtained. The Committee shall be entitled to amend this Plan and the Options granted hereunder in order to secure any necessary Regulatory Approvals and such amendments will not require the consent of the Option Holders under section 9.2 of this Plan.

10.3 Inability to Obtain Regulatory Approvals

The Company's inability to obtain Regulatory Approval from any applicable Regulatory Authority, which Regulatory Approval is deemed by the Committee to be necessary to complete the grant of Options hereunder, the exercise of those Options or the lawful issuance and sale of any Shares pursuant to such Options, shall relieve the Company of any liability with respect to the failure to complete such transaction.

**SECTION 11
ADJUSTMENTS AND TERMINATION**

11.1 Termination of Plan

Subject to any necessary Regulatory Approvals, the Committee may terminate or suspend the Plan. Unless earlier terminated as provided in this Section 11, the Plan shall terminate on, and no more Options shall be granted under the Plan after, the tenth anniversary of the Effective Date of the Plan.

11.2 No Grant During Suspension of Plan

No Option may be granted during any suspension, or after termination, of the Plan. Suspension or termination of the Plan shall not, without the consent of the Option Holder, alter or impair any rights or obligations under any Option previously granted.

11.3 Alteration in Capital Structure

If there is a material alteration in the capital structure of the Company and the Shares are consolidated, subdivided, converted, exchanged, reclassified or in any way substituted for, the Committee shall make such adjustments to this Plan and to the Options then outstanding under this Plan as the Committee determines to be appropriate and equitable under the circumstances, so that the proportionate interest of each Option Holder shall, to the extent practicable, be maintained as before the occurrence of such event. Such adjustments may include, without limitation:

- (a) a change in the number or kind of shares of the Company covered by such Options; and
- (b) a change in the Exercise Price payable per Share provided, however, that the aggregate Exercise Price applicable to the unexercised portion of existing Options shall not be altered, it being intended that any adjustments made with respect to such Options shall apply only to the Exercise Price per Share and the number of Shares subject thereto.

For purposes of this section 11.3, and without limitation, neither:

- (c) the issuance of additional securities of the Company in exchange for adequate consideration (including services); nor
- (d) the conversion of outstanding securities of the Company into Shares shall be deemed to be material alterations of the capital structure of the Company.

Any adjustment made to any Options pursuant to this section 11.3 shall not be considered an amendment requiring the Option Holder's consent for the purposes of Section 9.2 of this Plan.

For greater certainty, any adjustment, other than in connection with a consolidation or stock split, to an Option granted or issued under this Plan is subject to the prior acceptance of the TSXV, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.

11.4 Triggering Events

Subject to the Company complying with section 11.5 and any necessary Regulatory Approvals and notwithstanding any other provisions of this Plan or any Option Certificate, the Committee may, without the consent of the Option Holder or Holders in question:

- (a) cause all or a portion of any of the Options granted under the Plan to terminate upon the occurrence of a Triggering Event; or
- (b) cause all or a portion of any of the Options granted under the Plan to be exchanged for incentive stock options of another corporation upon the occurrence of a Triggering Event in such ratio and at such exercise price as the Committee deems appropriate, acting reasonably.

Such termination or exchange shall not be considered an amendment requiring the Option Holder's consent for the purpose of section 9.2 of the Plan.

11.5 Notice of Termination by Triggering Event

In the event that the Committee wishes to cause all or a portion of any of the Options granted under this Plan to terminate on the occurrence of a Triggering Event, it must give written notice to the Option Holders in question not less than 10 days prior to the consummation of a Triggering Event so as to permit the Option Holder the opportunity to exercise the vested portion of the Options prior to such termination. Upon the giving of such notice and subject to any necessary Regulatory Approvals, all Options or portions thereof granted under the Plan which the Company proposes to terminate shall become immediately exercisable notwithstanding any contingent vesting provision to which such Options may have otherwise been subject.

11.6 Determinations to be Made By Committee

Adjustments and determinations under this Section 11 shall be made by the Committee, whose decisions as to what adjustments or determination shall be made, and the extent thereof, shall be final, binding, and conclusive.

[Include the following Exchange hold period if i) the exercise price of the stock options is based on less than Market Price; or ii) if the certificate is issued to persons holding securities carrying more than 10% of the voting rights attached to the Company's securities; or if the certificate is issued to directors, officers or promoters of the Company]

[Without prior written approval of the TSX Venture Exchange and compliance with all applicable securities legislation, the securities represented by this certificate may not be sold, transferred, hypothecated or otherwise traded on or through the facilities of the TSX Venture Exchange or otherwise in Canada or to or for the benefit of a Canadian resident until ●[date four months and one day after Grant Date].]
